

Methods in Paleontology

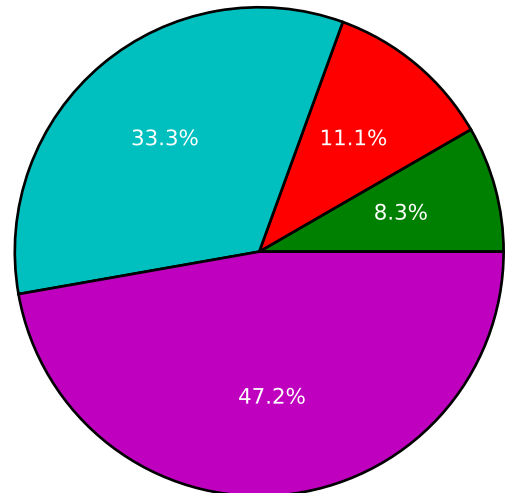

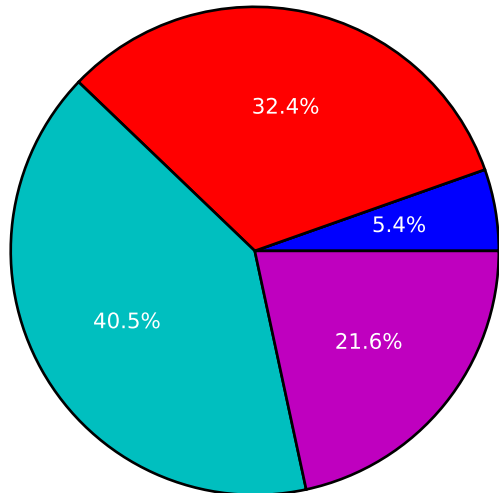

I felt comfortable asking questions at the workshop.

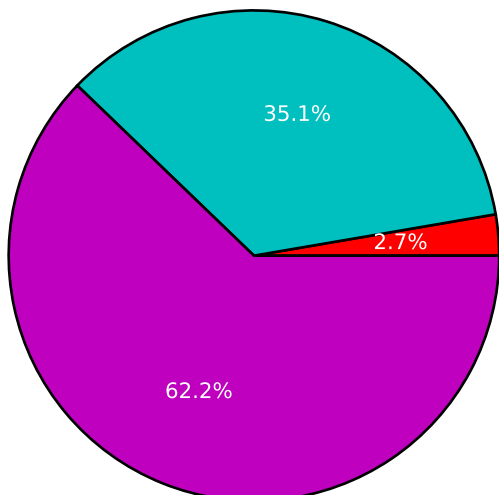

I enjoyed the workshop and learned something interesting.

I think I would enjoy the workshop leaders' job. The workshop made me feel like I can have a job in science, engineering or math.

I enjoyed listening to my workshop leader give their presentation.

I liked the hands on experience

I loved this!

I really enjoyed this. It was really interesting and I think paleontology may be something I will get more interested in in the future.

I enjoyed the leader. She was nice and explained everything well.

I like the way she explained her workshop in detail. she also answered questions in detail
