

Rooting into your Future

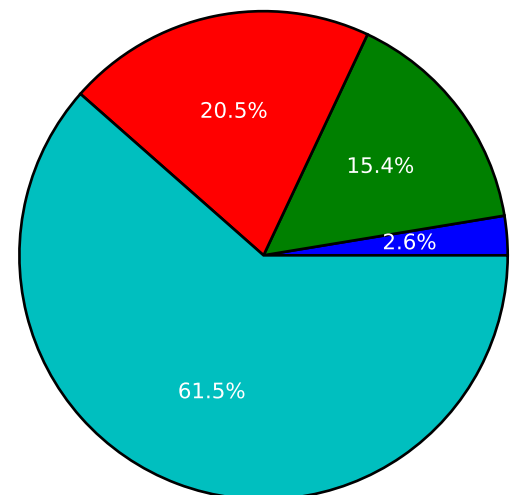

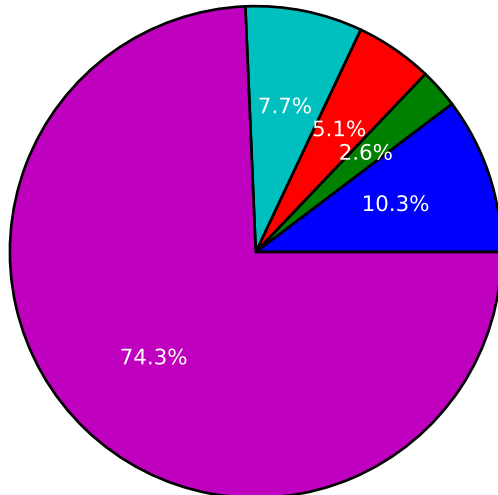

I felt comfortable asking questions at the workshop.

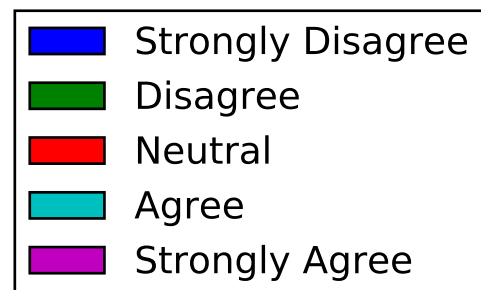

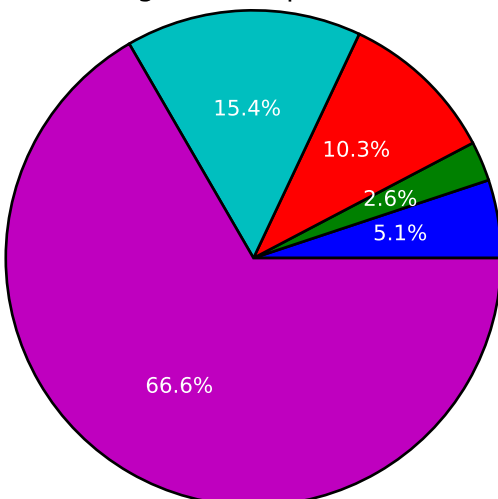

I enjoyed the workshop and learned something interesting.

I think I would enjoy the workshop leaders' job. The workshop made me feel like I can have a job in science, engineering or math.

I enjoyed listening to my workshop leader give their presentation.

This was an amazing experience and I would totally do this again and recommend it.

Good job but not something I'm that interested in. I like flowers and gardening but I just don't think I could do it for a job

This was fun!

the presentation felt a bit long

Thank you very much for the plant! I will make sure to take care of it!
