

Unfolding the World

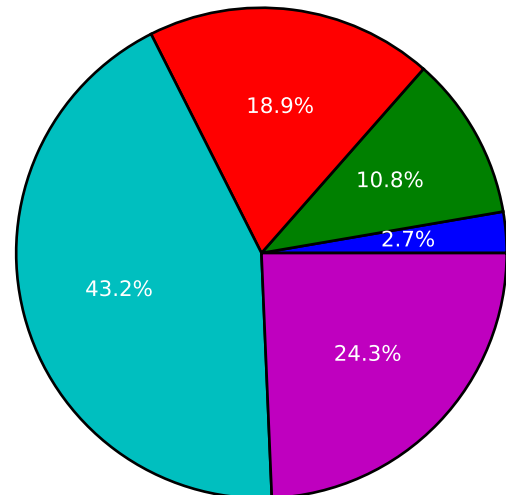

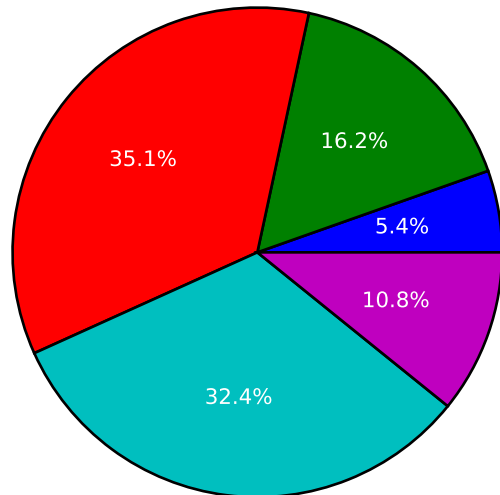

I felt comfortable asking questions at the workshop.

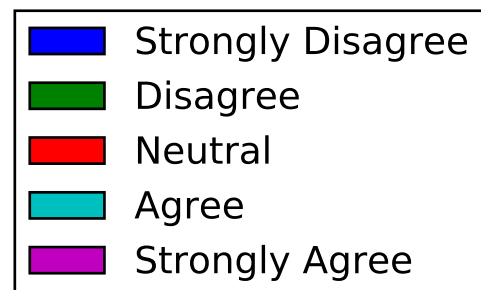

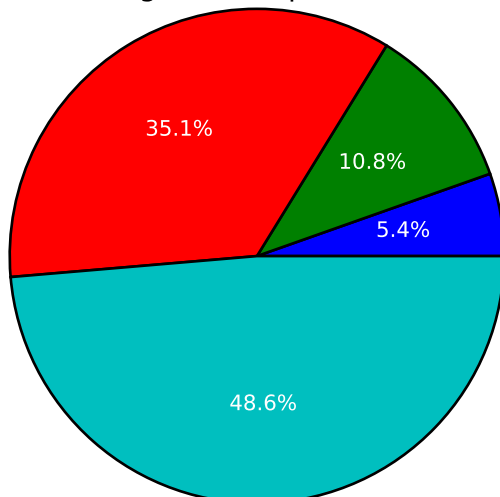

I enjoyed the workshop and learned something interesting.

I think I would enjoy the workshop leaders' job. The workshop made me feel like I can have a job in science, engineering or math.

I enjoyed listening to my workshop leader give their presentation.

Comments

:)

You're very funny and interesting.

The leader was funny and relatable. She helped me understand the folding. I got to do math and I enjoyed it. I figured out the folding pattern we got to do and she helped me.

I thought the lesson was very interesting.

I liked that she encouraged us to explain and communicate.
